

About

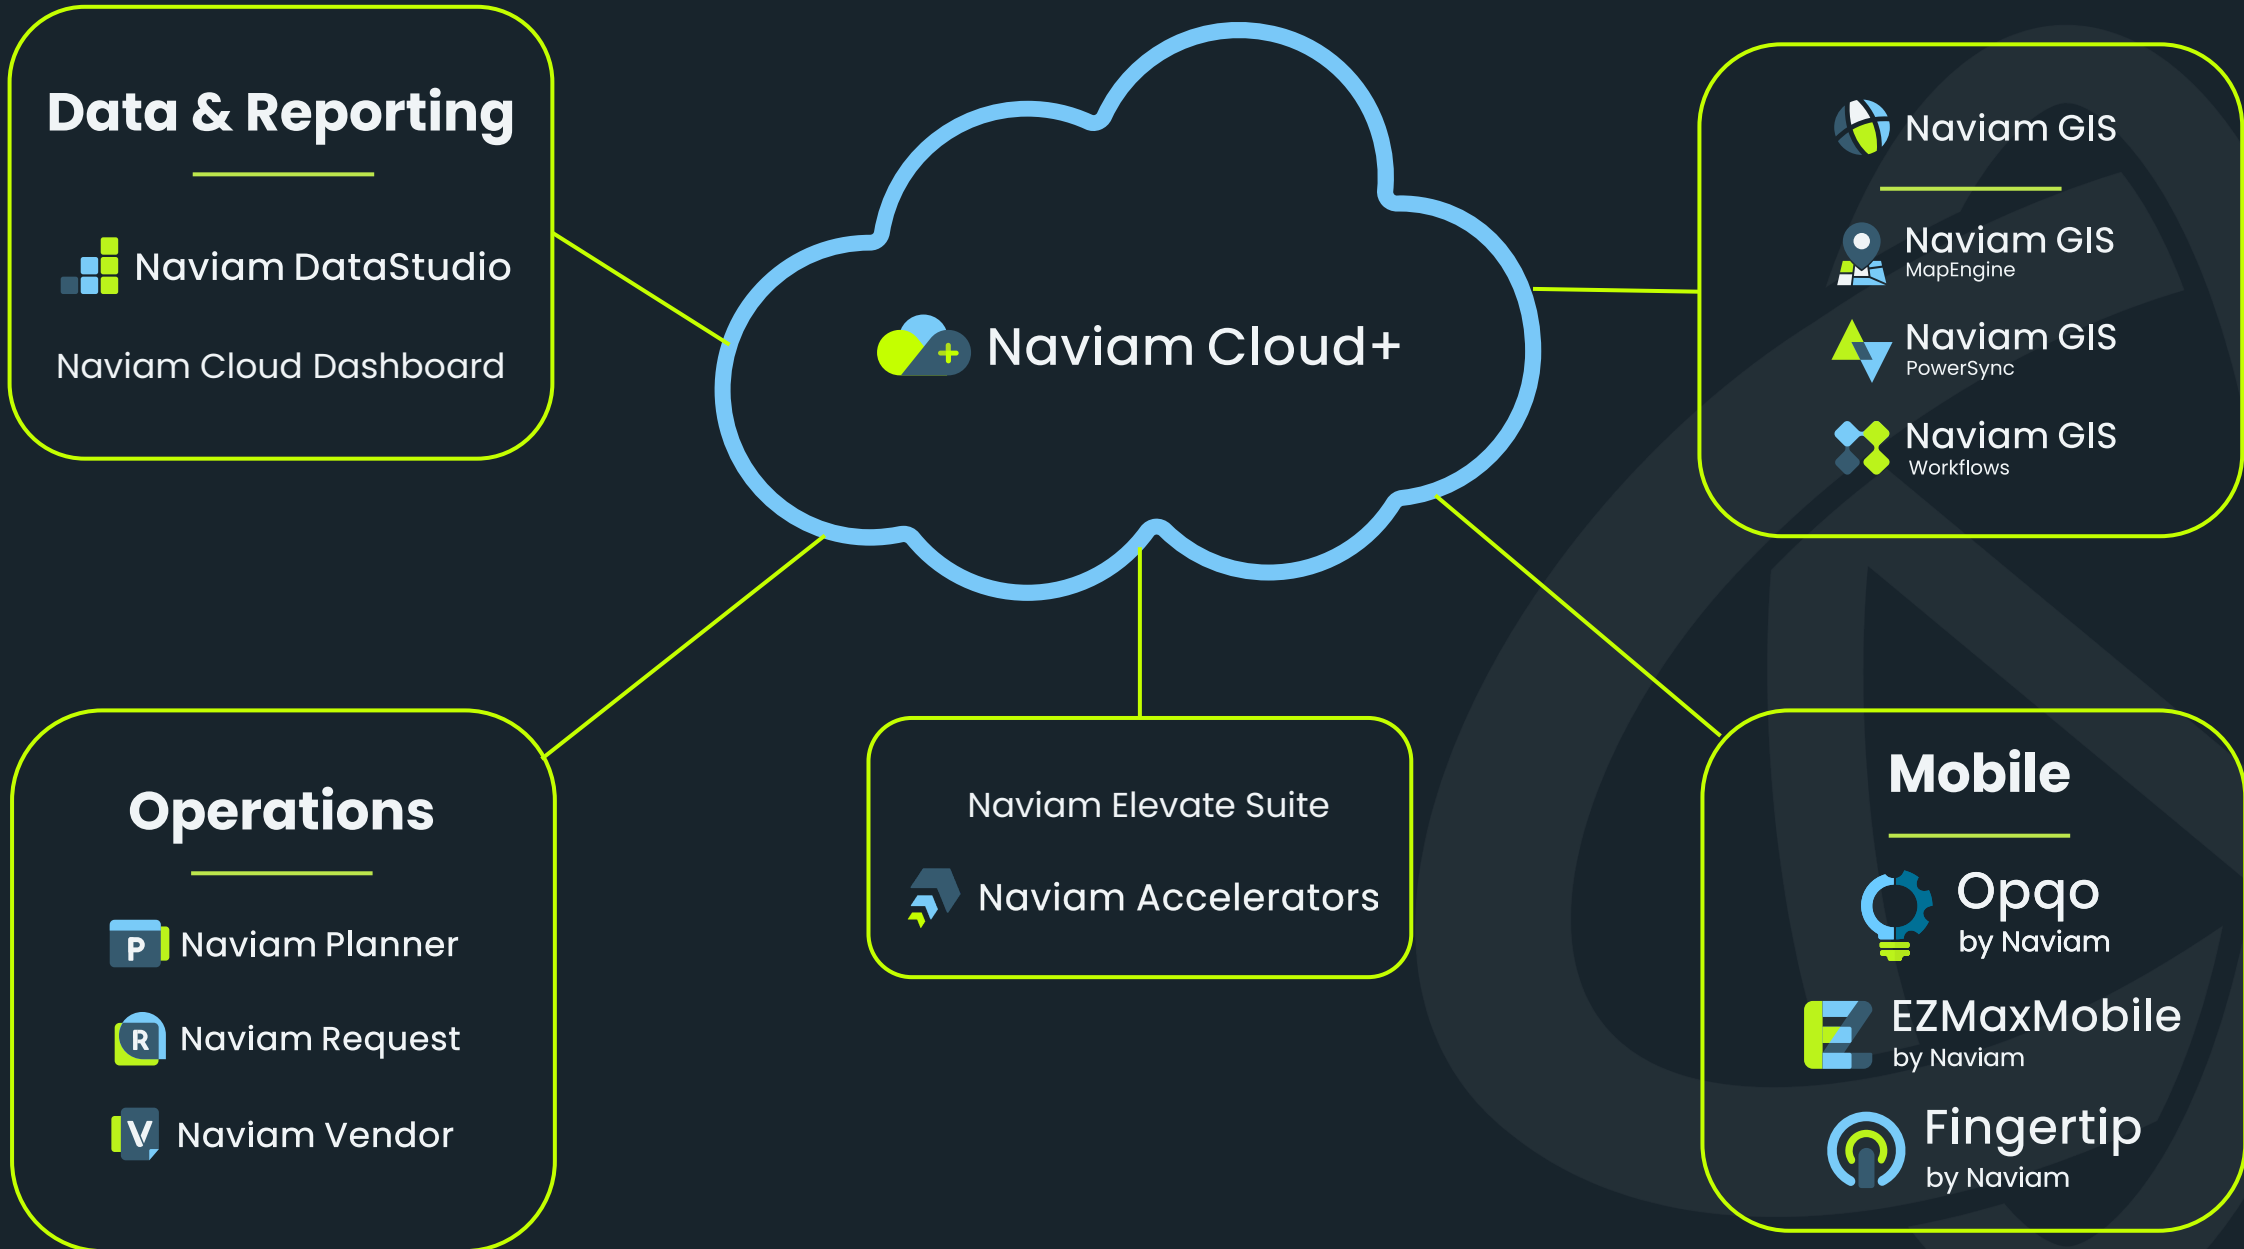

The asset management journey.
Streamlined.

About Naviam

- **World's Leading IBM Maximo Partner** – the largest and most experienced global provider of Maximo solutions
- **Unmatched Expertise** – 400+ Maximo professionals across 14 countries
- **Recognized Industry Leaders** – home to more IBM Champions than any other Maximo partner
- **Innovation at Scale** – 100+ full-time experts in Product & R&D, building the industry's largest suite of Maximo-dedicated solutions
- **Trusted Worldwide** – supporting hundreds of customers across industries
- **Enterprise Scale Operations** – managing 1,000+ Maximo Application Suite (MAS) and Maximo 7.6 environments globally
- **Community Leaders** – creators of the MORE Community, MaximoSecrets, and open-source tools that empower the entire Maximo ecosystem

Naviam Community Leadership

Passionate individuals who independently create and maintain community initiatives such as the MORE Community, Maximo Secrets, and open-source tools that empower the broader Maximo ecosystem.

MAXIMO® ONLINE RESOURCES & EDUCATION

MORE Community

- **Maximo-Focused** – dedicated solely to Maximo, with 5,000+ active members worldwide
- **Resource Library** – exclusive trainings, resources, and events so you never miss what's happening in Maximo
- **Open Forum** – ask any Maximo question and get answers from recognized industry leaders
- **Expert Network** – connect with veterans with 30+ years of Maximo experience

MaximoSecrets

- **Extensive Knowledge Base** – 350+ in-depth articles, blogs, and videos beyond IBM's documentation
- **Trusted Resource** – 1,000+ daily views from practitioners and clients in 200+ countries
- **Expert-Authored** – built & maintained by Andrew Jeffery, 15+ years of Maximo expertise
- **Functional Focus** – tailored for practitioners mastering new features and certifications

Maximo Development Tools

Naviam | 1,455 installs | ★★★★★ (11) | Free

Open-Source Tools

- **Open-Source Utilities** – free Maximo extensions and scripts shared with the community to make Maximo easier for everyone
- **Automation Made Simple** – VS Code integration, deployment tools, and scripting libraries streamline development and administration
- **Enhanced Functionality** – add capabilities like label printing, SSL automation, Excel exports, and inspection form creation
